WHOLESALE PRICE LIST OF

"Proven Quality" Flower Seeds

STOCK NON BRANCHING COLUMN

Crop of 1946

Buckman, Denholm & Holden Seed Co.

WHOLESALE GROWERS

LOMPOC - - - CALIFORNIA

GENERAL CONDITIONS OF DELIVERY

For every order that we shall accept, we agree to plant sufficient land to produce the desired quantity of seed under normal conditions. Should the outcome of the crop be lower than our estimation, orders will be filled pro rata only. Crop failure or any other cause beyond our control releases us entirely from delivery.

We give no warranty express or implied as to the productiveness of any seeds we sell and we will not be, in any way responsible for the crop. Our liability, in all instances is limited to the purchase price of the seeds.

All seeds are quoted F. O. B. Lompoc, California, for delivery as soon as possible after harvest of crop 1946, 60 days acceptance net, less 2% cash thirty days to firms of established credit. New customers must furnish satisfactory credit references if shipment is desired on an open account basis.

All invoices payable in U. S. Dollars, in or by New York or Los Angeles Exchange. All overdue accounts subject to sight draft without further notice. Bags and containers will be charged at cost and are not returnable.

All orders of 4 ounces or over will be charged at the pound rate, all orders under 4 ounces will be charged at the ounce rate.

Shipping instructions should accompany each order, stating clearly whether seeds are to be sent Freight, Express or Mail, giving preferred routes. In all cases where the route is left to our judgment, we will select the best we know, but entirely at the risk of the buyer. Should fulfillment of any order or contract be prevented or delayed by the act of God, war, blockade, revolution, prohibition of exports or imports, riots, strikes, lock outs, fire, loss and/or detention at sea or any other contingency beyond our control; we shall not be responsible for any loss and/or damage thereby.

We reserve the right to change prices in this list at any time.

BUCKMAN, DENHOLM & HOLDEN SEED CO.

TO THE TRADE:

Here it is again—another harvest season is upon us, the bags of seed are starting to roll in, many of the early varieties are already cleaned and shipped, and have produced yields which would indicate a good season. We are thankful for this, as it means that we will be able to fill the contract orders already booked, leaving in many cases sufficient seed to supply spot demands.

Many of the problems which confronted us during the war years are now disappearing—lack of experienced supervisors and field labor have been overcome by the return of our boys from the armed forces—these men are back at work doing a better job of breeding, growing, harvesting, cleaning and shipping, than ever before, which means that we are delivering the kind of seeds which we advertise—“Proven Quality” Flower Seeds.

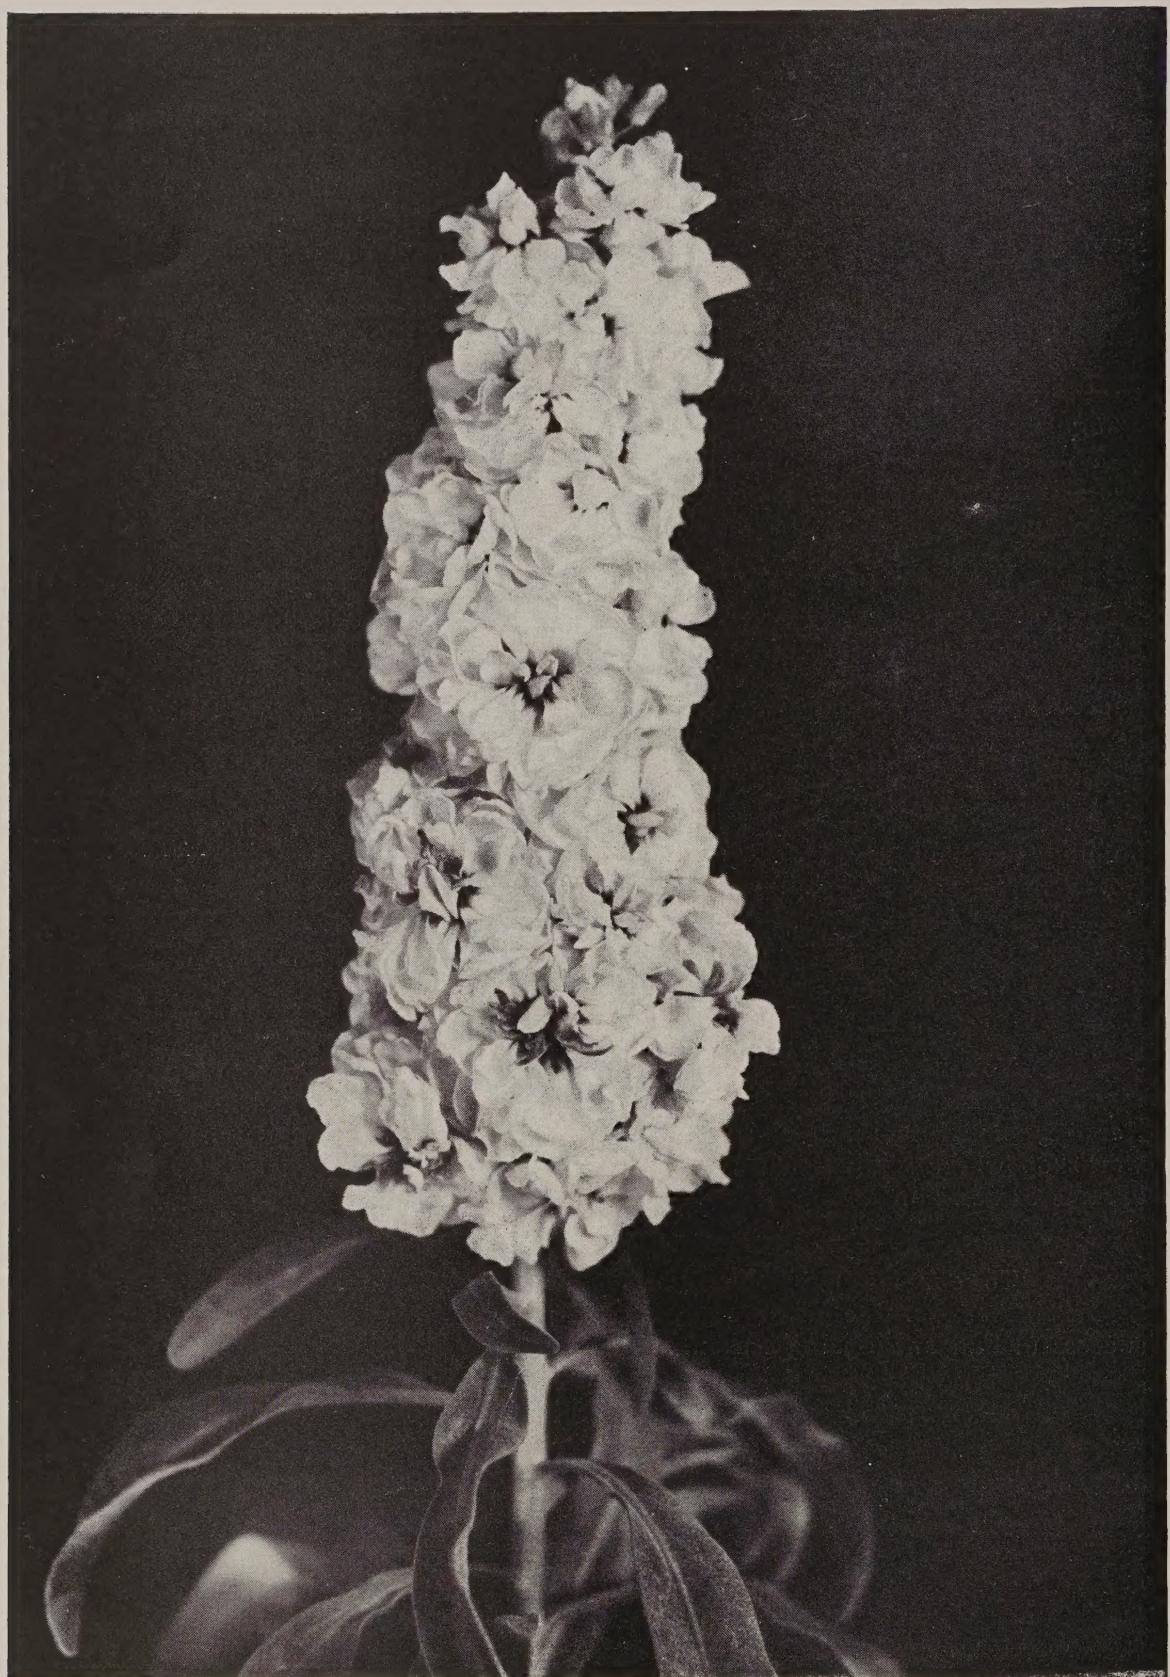

We thank our many customers for their patience and understanding during the trying war years—deliveries were often late, as Uncle Sam required the transportation facilities for far more important materials than seeds. This picture is changing rapidly and although transportation is still not back to normal it is greatly improved over a year ago—assuring you of earlier deliveries this Fall.

There is a great need for flowers in this world today—to hide the scars of war and bring joy and happiness to millions of people all over the world who are building new homes and starting new lives. At no time in history has such an opportunity been presented to the retail seedsman—now is the time to go over your stock and make sure that you have an ample supply of fresh Flower Seeds in the most desirable varieties suited to your locality. If we can be of any assistance to you in this respect, please feel free to call upon us.

You have a standing invitation to visit us whenever you come to California, you are not only invited to inspect the growing seed crops, warehouses and cleaning plant. You are also welcome to come with us behind the scenes, in the workshop where skilled plant breeders ply their crafts, realizing in flowers the dreams of designing genius creating new varieties and improving the old.

To our many patrons and friends we wish to take this opportunity of thanking them for their fine support during the past season and wish them a very successful Fall and Spring season.
